Citadel

Information Management

Citadel Information Management, your local document destruction company, is committed not only to keeping your important information secured but to also helping the environment.

Last year, through our recycling efforts, Citadel has saved 96,468 trees by shredding over 11 million pounds of paper.

For items that are brought in for shredding, Citadel is asking for a donation of **\$2.00+/per box or bag**, which will be given to the local rescues that are taking part in our event.

The following Rescue Organizations will be onsite with animals that are looking for their fur-ever homes:
